Recreation & Education for Adult Learners

An evening community education program for young adults with social learning challenges.

Spring 2012 Classes

A program of The Children's Institute...a spectrum of options across the lifespan

GET REAL THIS SPRING, WITH CLASSES AT TCI SCHOOL!

Hang out with friends and make new ones.

- Learn
- Get Inspired
- Make Friends
- Sharpen Your Social Skills

Our evening classes are designed for young adults, 18 and over, on the autism spectrum who are able to benefit from less structured learning. Our doors are also open to others who could benefit from our small groups and supportive staff.

At TCI, we are committed to excellence. Each class is limited to not more than 12 participants and is taught by an experienced special educator, with expertise in the content of the course. Support staff are there to ensure individualized learning!

6 week Session: \$139

All classes meet from 6:30 PM - 8:30 PM

Please ask about our scholarship program, offering full and partial scholarships.

Tuition includes dinner and 30 minutes of group social skills coaching, with a different topic every night – from making friends and self-advocacy to dating and manners.

GRAPHIC ARTS AND ILLUSTRATION

Expand your skills in this class, where we will use computers and good old fashion pens and pencils to develop logos and illustrations. Great for a job sampling experience or just for fun!

DATE, TIME

TRAVEL TEAM

Gain skills and confidence as we plan trips in the community. Learn to use public transportation to get around – all on a budget. We will plan and take THREE trips out into the community, visiting parks, downtown areas and other local “hot-spots.” Great for travel training and community-based learning!

DATE, TIME

GAMETIME

Play Softball, Volleyball and other team sports. Have fun, get in shape and get some spring fresh air! In this class, we will learn the basics of both games, but the focus will be on having fun and making friends.

DATE, TIME

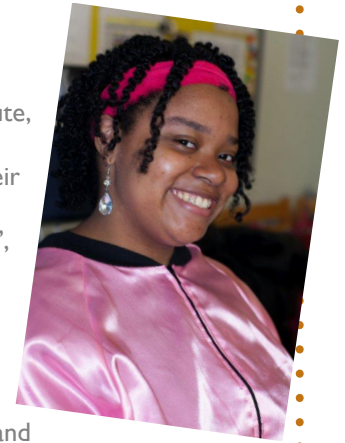

COOKING

Stir Up Some Fun: In this hands-on cooking class, learn basic kitchen skills like chopping, mixing and working with the stove. Have fun learning new recipes, and creating some of your favorite snacks, meals and desserts!

DATE, TIME

ABOUT TCI SCHOOL:

At The Children’s Institute, we believe that our students are more than their disability. Here, we educate the “whole person”, working to nurture and enhance the interests, skills and unique capacities of each student. Using evidenced-based instructional strategies and teaching methods, we help our students learn and grow.

TCI School provides an educational day program for students on the autism spectrum aged 3-21. REAL, Recreation, Education for Adult Learners is part of TCI’s growing array of support programs for young adults on the autism spectrum, age 18 and over.
